

PHILLIPANS

Chapter 1: Paul's Personal Philosophy

Introduction:

Philippi was the first Macedonian city in which Paul established a church. Philippians, along with the other prison epistles (Ephesians, Colossians, Philemon) was written during Paul's first imprisonment in Rome (ca. A.D. 60-62) as depicted in Acts 28. Surprisingly, the tone of the epistle is **joyful**, upbeat, showing a dynamism that rises above circumstances and adversities. It is the triumph of a man who can say, "***For me to live is Christ***" and who, therefore, can add confidently, "***I can do all things through Christ!***" Let's explore Paul's passion together.

1. Concerning Christians: Passionate Prayer – 1:1-11

2. Concerning Circumstances: Providential Progress – 1:12-18

3. Concerning Christ: Personal Passion – 1:19-30
